2. ENGAGEMENT

Hermes undertakes engagement with companies, usually at Board or at least senior management level within the company, with the aim of improving environmental, social and governance (ESG) performance and/or disclosure.

Hermes escalates the intensity of its involvement with companies on behalf of HESTA over time depending on the nature of the challenges they face and the attitude of the board towards our intervention. Some engagements involve one or two meetings over a period of months, while others are more complex and entail multiple meetings over several years. EOS aims to engage with companies behind closed doors at senior management or board level and a majority of our engagements remain confidential. Only in very rare cases we may take a more public approach and speak at company general meetings to express our views, or otherwise use public avenues.

All engagements undertaken by Hermes are subject to a rigorous initial assessment and ongoing review process to ensure that the team is focusing its efforts where the most value can potentially be added. The aim always is to change behaviours and approaches at companies to add value for long-term shareholders.

3. VOTING

Hermes votes on behalf of HESTA at general meetings wherever practicable. We take a graduated approach and base our decisions on annual report disclosures, discussions with the company and independent analyses. In some jurisdictions share voting may be more challenging due to regulatory intervention. In blocking markets for example, shares will be unavailable for trading if voting rights are executed ahead of the company meeting. We believe that this is a disadvantage for investors and EOS is participating in a number of shareholder initiatives to remove share blocking wherever possible.

We seek to inform companies where we vote against or abstain on any resolution, usually following up such votes with a letter. We maintain a database of voting and contact with companies and, if we believe further intervention is merited, we include the company in our main engagement programme.
